

Sensi Peel®

Sensi Peel® is a unique chemical peel option for all patients, including those with sensitive skin. This universal 6% TCA solution will improve surface texture and brighten the skin while helping promote an even skin tone. This multi-faceted and skin-brightening treatment is an excellent option for sensitive skin and higher Fitzpatrick skin types.

Key Benefits

- ✓ Improves surface texture and brightens skin
- ✓ Promotes an even skin tone
- ✓ Reduces the appearance of fine lines and wrinkles

Active Ingredients

- + **Lactic Acid (12%)** – an alpha hydroxy acid (AHA) that breaks down the bonds between cells (desmosomes) to allow for easier exfoliation of dead surface cells. It also hydrates the skin and inhibits melanogenesis by suppressing the formation of tyrosinase.
- + **Trichloroacetic Acid (6%)** – a superficial and medium-depth peeling agent that helps minimize the appearance of fine lines, wrinkles, and acne scarring.

Key Ingredients

- + **Alpha-Lipoic Acid (Thioctic Acid)** – a natural compound with antioxidant and anti-inflammatory properties that interferes with the internal pathways of hyperpigmentation.
- + **Emblica** – a botanical also known as Indian gooseberry or the Malacca tree. It contains a high concentration of tannins, which have been shown to reduce discoloration and the visible signs of aging.
- + **Silymarin** – a powerful antioxidant that provides anti-inflammatory benefits and has a protective effect against UVA-induced oxidative stress. It suppresses UVB-induced skin edema and the formation of sunburn cells.

Skin Type

- Dry
- Oily
- Combination
- Normal
- Sensitive

Ingredients

Alcohol Denat., Hamamelis Virginiana (Witch Hazel) Water, Lactic Acid, Trichloroacetic Acid (TCA), Alcohol, Water/Aqua/Eau, Glycerin, Citrus Limon (Lemon) Peel Extract, Silybum Marianum Extract, Thioctic Acid, Emblica Officinalis Fruit Extract, Sodium Hyaluronate.

Full: 4 fl oz; 2 fl oz | Trial: 0.25 fl oz

Results you can see

PCA SKIN®'s rigorous product development process includes partnering with dermatologists to test the effectiveness of each formula before it's put on the market. Our before and after photos are a sampling of the results seen during this process. These photos are never retouched.

Pro Tips

Great for even the most sensitive skin, **Sensi Peel**® is suitable for those new to peels and those with sensitive skin conditions, including rosacea.

Pair with **Advanced Treatment Booster** for added exfoliation and accelerated results.

Up to four layers can be applied on the skin in one treatment.

Before

After three treatments

Condition: Redness and discoloration. **Solution:** Facial Wash Oily/Problem, Nutrient Toner, Sensi Peel®, Advanced Treatment Booster, ReBalance, Hydrator Plus Broad Spectrum SPF 30. *Photos not retouched.
